Software as a Service (SaaS) Licensing

Document Central

The most integrated document management system for Dynamics 365 Business Central. With our state-of-the-art app, process-relevant documents are always at your fingertips. Accelerate your team's productivity and strengthen your organization through efficient document management.

Licensing is per user

9,99 €[1]

Our powerful document management solution interacts seamlessly with Microsoft SharePoint or Azure Blob Storage as a repository.

Important notes:
The Microsoft SharePoint environment or Azure Subscription is licensed separately.
Provision and administration is the responsibility of the end customer's IT department.

Supported Microsoft SharePoint versions
Our solution supports all current versions and operating models of Microsoft SharePoint, including:
Microsoft SharePoint Server (On-Premises)
Current and supported versions, including suitable editions (e.g. Standard or Enterprise).
Microsoft SharePoint Online

Integrated as part of Microsoft 365. Please make sure that your Microsoft 365 plan includes SharePoint Online.

Regardless of whether your SharePoint environment is operated locally, in a private hosting environment or in the cloud, our solution offers maximum flexibility and compatibility. Please note that availability and support are subject to the official Microsoft lifecycle guidelines.

The number of user licenses depends on how many users should be able to adjust portal settings and edit processes triggered in the portal. The Branded Mobile App is an optional function.
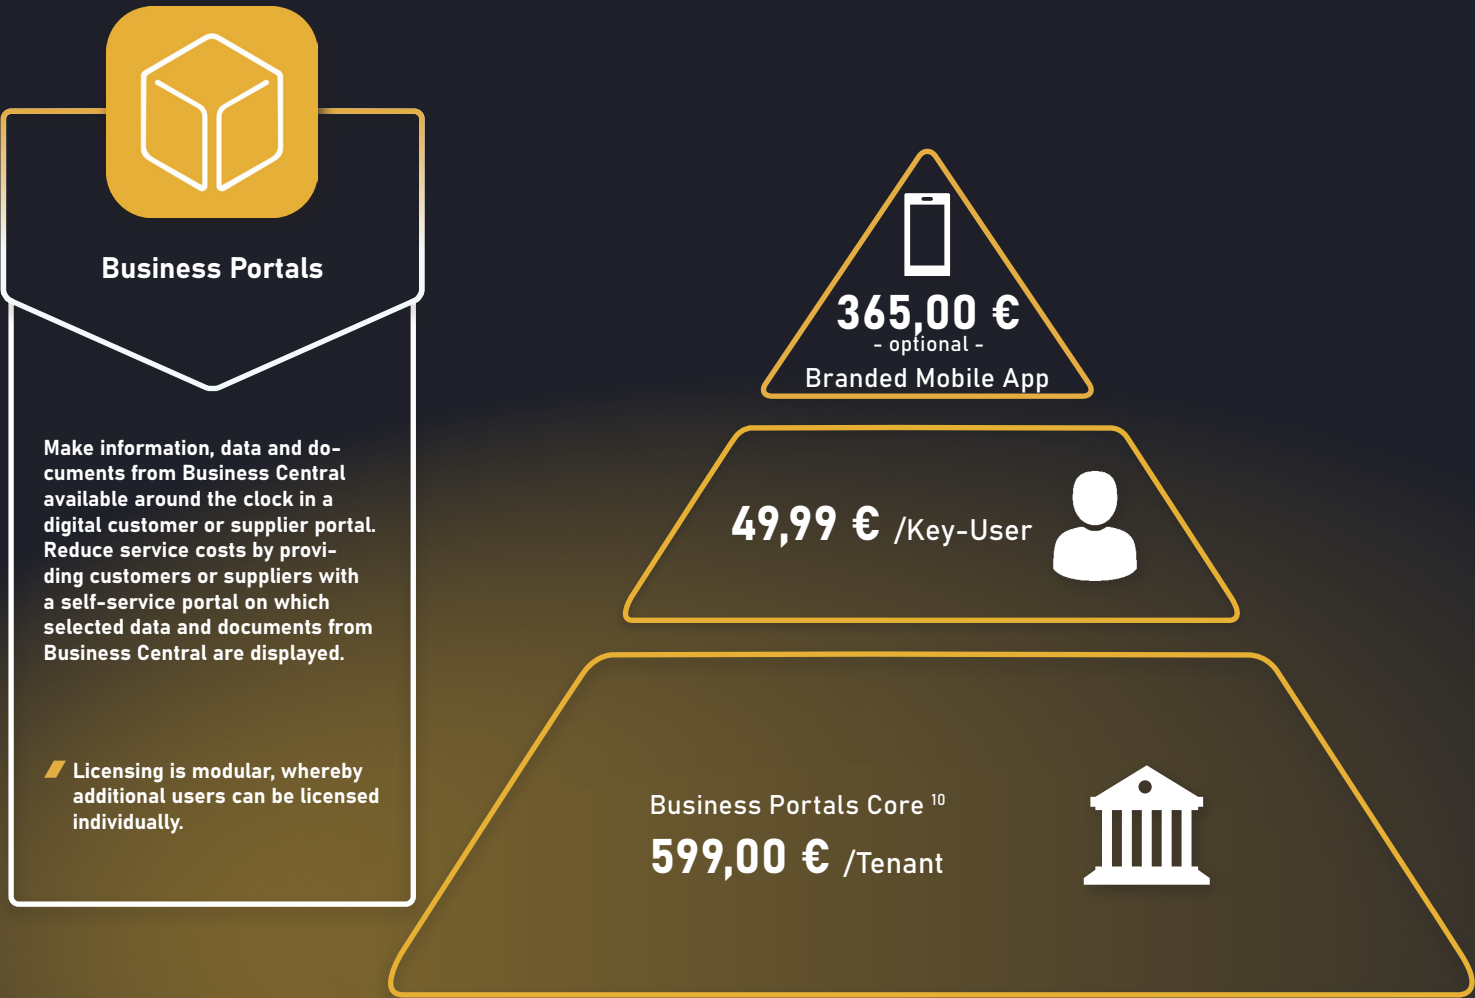

[10] Business Portals requires either the Microsoft Internet Information Services (IIS) service or an Azure subscription. The IIS service is a role of the Microsoft Windows Server. The Microsoft Windows Server must be licensed separately. With an Azure Subscription, the entire portal can be hosted in the portal provider's Azure environment. The Azure Subscription is not included in the Business Portals prices. The prices for Business Portals Core apply per productive environment of the client. Additional productive environments can be licensed for €49.99 / additional productive environment.

Business Portals

Make information, data and documents from Business Central available around the clock in a digital customer or supplier portal. Reduce service costs by providing customers or suppliers with a self-service portal on which selected data and documents from Business Central are displayed.

Licensing is modular, whereby additional users can be licensed individually.
